EPSON PRINTING SOLUTIONS

Epson is committed to bringing airlines and airports the printing solutions they need to increase efficiency, reduce cost of operations and service customers faster.

From our durable impact printers and fast, thermal receipt printers, through to our newest boarding pass and baggage tag printers, Epson offers industry leading reliability, best-in-class high-speed text, barcode and graphics printing and low cost of ownership – all for a cost-effective price.

EPSON TM-L500A

NEW

Baggage tag label and boarding pass printer

This high-performance printer is the newest in Epson's family of industrial printers, specially designed to address the requirements of the airline industry. Its 2-in-1 BCBP and BTP design, together with its compact footprint gives the flexibility to fit in virtually any airport infrastructure. The CUPPS/CUSS compliance underlines Epson's commitment to supporting the transition of airport systems to open architecture solutions.

- BCPB and BTP operation in one printer
- AEA 2008 command set support
- Microsoft Windows printer driver
- IATA R740 and RP1740 compliant
- High-speed direct thermal printing up to 250mm/sec
- Integrated autocutter
- Modular design for easy installation in kiosks
- Paper roll holder
- RFID option

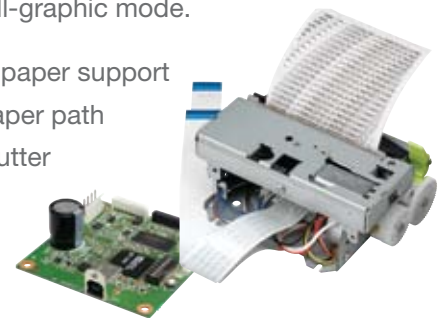

EPSON M-T500II/BA-T500II

NEW

Compact printer mechanism

The amazingly fast M-T500II series mechanisms print up to 250 mm/s in combination with the Epson BA-T500II control board, even in full-graphic mode.

- Thick paper and ticket paper support
- Straight and drop-in paper path
- Partial or full cut autocutter
- Windows printer driver
- Sturdy and durable

EPSON EU-T300/EU-T400

Kiosk printer mechanisms

Our proven thermal kiosk printers are complete drop-in solutions featuring best-in-class components, high-speed printing and industry-leading reliability.

- Drop-in paper roll with semi-automatic loading function
- Fast printing speeds up to 150mm/sec per second
- Upgradeable firmware and interface options
- Modular design for easy maintenance

EPSON TM-L90

Thermal label printer

This high-quality thermal printer is ideal for printing boarding passes and bag tags and is a drop-in replacement for existing airline thermal printers.

- Superior print head technology
- Best-in-class reliability
- Support for AEA 2007 commands
- Support for BCBP PDF 417 two-dimensional barcodes
- Serial, USB, Ethernet and wireless interfaces available

EPSON FX-890

Serial impact printer

The fastest in its class, this full-featured, 9-pin, 80 column impact printer offers the speed and reliability needed for printing passenger manifests.

- Long ribbon life ensures lowest cost per page
- Fastest printer in its class
- Best reliability in its class
- Prints single sheets and up to 7-part forms
- 3 years commercial warranty including print head

EPSON TM-T88V

NEW

Thermal receipt printer

Fast, reliable and easy-to-use, our best-selling thermal receipt printer is feature-packed and is ideal for airport shops and food service concessions.

- High-speed printing up to 300mm/sec for both text and graphics
- Grey shade printing of receipts including logos
- Advanced ease-of-use features
- Wired and wireless interfaces
- EnergyStar certified
- 4 years commercial warranty

EPSON TM-T70

Thermal receipt printer

With front-facing controls and front paper loading, this thermal receipt printer is perfect for under-counter or built-in operation.

- High-speed printing up to 170mm/sec
- Same fast print speed for both text and graphics
- Advanced ease-of-use features
- Wide range of interfaces both wired and wireless

EPSON TM-C3400

NEW

Colour inkjet label printer

Producing colour labels, boarding passes and bag tags on demand, this versatile inkjet printer is ideal for a wide variety of airline and airport operations.

- Full colour on-demand printing
- For a wide variety of media from 30 to 112 mm width, continuous or die-cutted labels up to 0.2 mm thick
- Also wristbands can be printed
- Autocutter and PS included
- Can be installed under counter

EPSON TM-C610

NEW

Colour inkjet printer

The fastest colour printer in its class, the TM-C610 is ideal for coupons or colourful receipts with special offers. Small footprint and full front operation enable it to be built in under a counter or desk.

- Full colour on-demand printing
- Up to 100 mm/sec print speed
- USB and Ethernet interfaces
- Autocutter included
- Up to 5000 colourful sheets can be printed with 1 inkset
